

Group Tours – safety information

Please be aware that Hawkes is a working farm and quarry site, and as such there are numerous hazards, including, but not limited to the following:

- Heavy vehicles including tractors and dump trucks using the tracks and carpark
- Unfenced dams
- Forklifts
- Busy carpark
- Uneven ground
- Chemical storage

We take every care and precaution to keep our visitors safe, but supervision of children by adults is necessary at all times.

Please sign below on behalf of your organisation to confirm that you are aware of the above.
